## MANAGEMENT COSTS

Management costs comprise the additional fees or costs that you incur by investing in the Fund rather than investing directly in the underlying assets. They include indirect costs and do not include transaction costs (ie costs associated with investing in the underlying assets, some of which may be recovered through buy/sell spreads).

Fund	Management costs
Ausbil Australian Active Equity Fund	0.90%
Ausbil Australian Emerging Leaders Fund	0.85%
Ausbil Australian Concentrated Equity Fund <sup>1</sup>	1.35%
Ausbil Active Sustainable Equity Fund <sup>1</sup>	1.00%

Ausbil Balanced Fund	0.95%
Ausbil 130/30 Focus Fund	1.63%
Candriam Global Sustainable Equity Fund	1.07%
MacKay Shields Unconstrained Bond Fund	0.80%

1. As the Fund is newly established the management costs reflect the Responsible Entity's reasonable estimate, based on information available as at the date of this PDS and calculated on the net asset value of the Fund, that will apply for the current financial year (adjusted to reflect a 12 month period).

## OTHER TRANSACTION COSTS

Each Fund's estimated other transaction costs are set out in the table below. The figures are calculated as a percentage of the average fund size and are estimated based on a reasonable estimate of the last financial year, apart from recently established funds, which are a reasonable estimate of the transaction costs for the current financial year. You can determine the dollar value of these costs over a 1 year period by multiplying the transaction cost rate with your average account balance. For example, the value of other transaction costs on an average account balance of \$50,000 invested in the Ausbil MicroCap Fund is \$330.

Fund	Total transaction costs	Minus: Buy/sell spread recovery	Equals: Other Transaction costs
Ausbil Australian Active Equity Fund	0.12%	0.08%	0.04%
