Directors' report

The directors of Ausbil Investment Management Limited, the Responsible Entity ("Responsible Entity") of Ausbil Global Essential Infrastructure Fund ("the Scheme"), present their report together with the financial report of the Scheme for the year ended 30 June 2026 ("the year").

The Scheme is an Australian registered scheme as defined in the *Corporations Act 2001*.

Responsible Entity

The Responsible Entity of the Scheme is Ausbil Investment Management Limited (ABN 26 076 316 473). The Responsible Entity's registered office is Level 27, Grosvenor Place, 225 George Street, Sydney NSW 2000.

Principal activities

The Scheme provides exposure to a benchmark unaware, high conviction and concentrated portfolio, predominantly made up of global listed infrastructure securities.

The aim of the Scheme is to achieve returns (before fees and taxes) in excess of the OECD G7 CPI Index +5.5% pa over the long term.

The Scheme has two classes of units: the Hedged Unit Class, which is now known as the Active Exchange Traded Fund ("ETF") Class and the Unhedged Unit Class. From 13 October 2025, the ETF Class units have been available for trading on the ASX AQUA market under the code "GHIF". The units are dual access and can be transacted both on-market via the ASX AQUA market and off-market through applications and redemptions with the Responsible Entity. All units on issue have identical rights and entitlements and represent interests in the same underlying assets of the Scheme.

There were no other significant changes in the nature of the Scheme's activities during the year.

The Scheme did not have any employees during the year.

Directors

The following persons held office as directors of the Responsible Entity during the year or since the end of the year and up to the date of this report:

Frank Harte
Mark Knight
Melissa Kuan
Morgan Glaser
Naim Abou-Jaoudé
Paul Xiradis
Vicki Gemisis

Review and results of operations

Other than as disclosed in the principal activities, there were no other significant changes to the operations of the Scheme during the year. The Scheme continued to invest in accordance with target asset allocations as set out in the governing documents of the Scheme and in accordance with the provisions of the Scheme's Constitution.

Directors' report (continued)

Review and results of operations (continued)

The performance of the Scheme, as represented by the results of its operations, was as follows:

	For the year ended	
	30 June	30 June
	2026	2025
Operating profit/(loss) (\$'000)	52,053	50,990
Distributions		
Unhedged Unit Class		
Distributions paid and payable (\$'000)	1,369	2,129
Distributions (cents per unit - CPU)	55.3662	82.6502
Distributions		
Active ETF Class*		
Distributions paid and payable (\$'000)	12,922	7,241
Distributions (cents per unit - CPU)	61.2274	26.2789

*During the year, the Hedged Unit Class was renamed to the Active ETF Class and was listed on the Australian Stock Exchange.

Significant changes in state of affairs

Other than as disclosed in the principal activities, there were no other significant change in the state of affairs of the Scheme that occurred during the year.

Events occurring after the financial year

Except as disclosed in note 17 in the financial statements, no other matter or circumstance has arisen since 30 June 2026 that has significantly affected, or may significantly affect:

- (i) the operations of the Scheme in future financial years, or
- (ii) the results of those operations in future financial years, or
- (iii) the state of affairs of the Scheme in future financial years.

Likely developments and expected results of operations

The Scheme will continue to be managed in accordance with the investment objectives and guidelines as set out in the governing documents of the Scheme and in accordance with the provisions of the Scheme's Constitution.

The results of the Scheme's operations will be affected by a number of factors, including the performance of investment markets in which the Scheme invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Indemnification and insurance of officers and auditors

No insurance premiums are paid for out of the assets of the Scheme in regards to insurance cover provided to either the officers of Ausbil Investment Management Limited or the auditors of the Scheme. So long as the officers of Ausbil Investment Management Limited act in accordance with the Scheme's Constitution and the *Corporations Act 2001*, the officers remain indemnified out of the assets of the Scheme against losses incurred while acting on behalf of the Scheme. The auditors of the Scheme are in no way indemnified out of the assets of the Scheme.

Directors' report (continued)

Fees paid to and interests held in the Scheme by the Responsible Entity or its associates

Fees paid to the Responsible Entity and its associates out of Scheme property during the year are disclosed in note 15 of the financial statements.

No fees were paid out of Scheme property to the directors of the Responsible Entity during the year.

The number of interests in the Scheme held by the Responsible Entity or its associates as at the end of the financial year are disclosed in note 15 of the financial statements.

Interests in the Scheme

The movements in units on issue in the Scheme during the year are disclosed in note 5 of the financial statements.

The value of the Scheme's assets and liabilities are disclosed in the statement of financial position and derived using the basis set out in note 2 of the financial statements.

Environmental regulation

The operations of the Scheme are not subject to any particular or significant environmental regulations under a Commonwealth, State or Territory law.

Environmental, social and governance (ESG) risks, including climate change, are identified, measured, monitored, reported and overseen in accordance with the Scheme's Risk Management Framework.

Rounding of amounts to the nearest thousand dollars

The Scheme is an entity of the kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2026/183* issued by the Australian Securities and Investments Commission ("ASIC"), relating to the "rounding off" of amounts in the directors' report. Amounts in the directors' report have been rounded to the nearest thousand dollars in accordance with that ASIC Instrument, unless otherwise indicated.

Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 4.

This report is made in accordance with a resolution of the directors.

Mark Knight
Director

Auditor's Independence Declaration

As lead auditor of Ausbil Global Essential Infrastructure Fund's financial report for the year ended 30 June 2026, I declare that, to the best of my knowledge and belief, there have been:

- a) no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit of the financial report; and
- b) no contraventions of any applicable code of professional conduct in relation to the audit of the financial report.

A handwritten signature in black ink, appearing to read 'BSS Tompsett'.

Statement of comprehensive income

		For the year ended	
		30 June	30 June
		2026	2025
	Notes	\$'000	\$'000
Investment income			
Interest income		114	60
Dividend/distribution income		9,043	9,354
Net gains/(losses) on financial instruments at fair value through profit or loss	3	48,111	45,787
Net gains/(losses) on foreign exchange		(260)	341
Total net investment income/(loss)		57,008	55,542
Expenses			
Management fees	15(f)	3,079	2,705
Transaction costs		672	719
Withholding tax expense		1,204	1,128
Total operating expenses		4,955	4,552
Operating profit/(loss) for the year before finance costs		52,053	50,990
Finance costs attributable to unitholders			
Distributions to unitholders	6	(14,291)	(9,370)
(Increase)/decrease in net assets attributable to unitholders		(37,762)	(41,620)
Operating profit/(loss) for the year		-	-
Other comprehensive income for the year		-	-
Total comprehensive income/(loss) for the year		-	-

The above statement of comprehensive income should be read in conjunction with the accompanying notes.

Statement of financial position

		As at	
		30 June	30 June
		2026	2025
	Notes	\$'000	\$'000
Assets			
Cash and cash equivalents	7	30,891	4,607
Receivables	8	18,291	976
Financial assets at fair value through profit or loss	9	329,224	285,914
Total assets		<u>378,406</u>	<u>291,497</u>
Liabilities			
Distributions payable	6	9,754	4,509
Payables	10	44,435	568
Financial liabilities at fair value through profit or loss	11	6,867	933
Total liabilities		<u>61,056</u>	<u>6,010</u>
Net assets attributable to unitholders – liability	5	<u>317,350</u>	<u>285,487</u>

The above statement of financial position should be read in conjunction with the accompanying notes.

Statement of changes in equity

For the year ended 30 June 2026

The scheme's net assets attributable to unitholders are classified as a liability under AASB 132 *Financial Instruments: Presentation*. As such, the Scheme has no equity and no changes in equity have been presented for the current year.

Statement of cash flows

		For the year ended	
		30 June	30 June
		2026	2025
	Notes	\$'000	\$'000
Cash flows from operating activities			
Proceeds from sale of financial instruments at fair value through profit or loss		210,067	299,580
Purchase of financial instruments at fair value through profit or loss		(173,161)	(308,035)
Transaction costs paid		(672)	(719)
Interest received		114	60
Dividend/distribution received		7,942	8,574
Management fees paid		(3,268)	(2,850)
RITC received		213	190
Net cash inflow/(outflow) from operating activities	16(a)	41,235	(3,200)
Cash flows from financing activities			
Proceeds from applications by unitholders		47,300	44,128
Payments for redemptions by unitholders		(55,423)	(33,718)
Distributions paid		(6,807)	(5,127)
Net cash inflow/(outflow) from financing activities		(14,930)	5,283
Net increase/(decrease) in cash and cash equivalents		26,305	2,083
Cash and cash equivalents at the beginning of the year		4,607	2,522
Effects of exchange rate on cash		(21)	2
Cash and cash equivalents at the end of the year	7,16(b)	30,891	4,607

The above statement of cash flows should be read in conjunction with the accompanying notes.

1 General information

These financial statements cover Ausbil Global Essential Infrastructure Fund ("the Scheme") as an individual entity. The Scheme was constituted on 24 September 2018. The Scheme will terminate on 23 September 2098 unless terminated earlier in accordance with the provisions of the Scheme's Constitution. The Scheme invests in listed equities, listed unit trusts and derivatives in accordance with the provisions of the Scheme's Constitution.

The Responsible Entity of the Scheme is Ausbil Investment Management Limited ("the Responsible Entity"). The Responsible Entity's registered office is Level 27, Grosvenor Place, 225 George Street, Sydney 2000.

The Scheme is an Australian registered scheme as defined in the *Corporations Act 2001*.

The Responsible Entity is incorporated and domiciled in Australia.

The financial statements are presented in the Australian currency.

The financial statements are for the period from 1 July 2025 to 30 June 2026 ("the year").

The financial statements were authorised for issue by the directors on 29 September 2026. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

2 Summary of material accounting policies

The material accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated.

(a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001* in Australia.

The Scheme is a for-profit entity for the purposes of preparing the financial statements.

The financial statements are prepared on the basis of fair value measurement of assets and liabilities except where otherwise stated.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. All balances are generally expected to be recovered or settled within twelve months, except for investments in financial assets and net assets attributable to unitholders where the amount expected to be recovered or settled within twelve months after the end of the year cannot be reliably determined. The Scheme manages financial assets at fair value through profit or loss based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio will be realised within 12 months, however, an estimate of that amount cannot be determined as at balance date.

Compliance with Australian Accounting Standards and International Financial Reporting Standards

The financial statements of the Scheme comply with Australian Accounting Standards as issued by the Australian Accounting Standards Board ("AASB") and also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

New and amended standards and interpretations adopted by the Scheme

There are no new standards, amendments to existing standards or interpretations that are effective for the first time for annual periods beginning on 1 July 2025 that have a material effect on the financial statements of the Scheme.

New standards, amendments and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations are effective for the annual periods beginning 1 July 2026, and have not been early adopted in preparing these financial statements. Management is currently assessing the detailed implications of applying these new standards, amendments or interpretations on the Scheme's financial statements.

2 Summary of material accounting policies (continued)

(a) Basis of preparation (continued)

- Amendments to the *Classification and Measurement of Financial Instruments* - Amendments to AASB 9 and AASB 7 (effective for annual periods beginning on or after 1 January 2026)
- AASB 18 *Presentation and Disclosure in Financial Statements* (effective for annual reporting periods beginning on or after 1 January 2027)

No other new standards or amendments to standards are expected to have a material effect on the financial statements of the Scheme.

(b) Financial instruments

(i) Classification

Equity instruments are measured at fair value through profit or loss unless, for equity instruments not held for trading, an irrevocable option is taken to measure at fair value through other comprehensive income.

Assets

The Scheme classifies its investments based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The Scheme's portfolio of financial assets is managed and performance is evaluated on a fair value basis in accordance with the Scheme's documented investment strategy. The Scheme uses fair value information to assess performance of the portfolio and to make decisions to rebalance the portfolio or to realise fair value gains or minimise losses through sales or other trading strategies. The Responsible Entity evaluates the information about these financial assets on a fair value basis together with other related financial information.

For equity securities and derivatives such as options, the contractual cash flows of these instruments do not represent solely payments of principal and interest. Consequently, these investments are measured at fair value through profit or loss.

The Scheme holds listed equities and listed unit trusts at fair value through profit or loss in accordance with AASB 9.

The Scheme holds derivatives such as foreign currency forward contracts, which are measured at fair value through the profit or loss. The Scheme designates all foreign currency forward contracts as hedges in a hedging relationship.

For other receivables and payables, including amounts due to/from brokers, these balances are classified at amortised cost as they are deemed to be held in a business model with the objective to collect contractual cash flows through to maturity, and whose terms meet the solely payments of principal and interest ("SPPI") criterion by virtue of the fact that payments pertain to only principal and/or simple interest and have a maturity of less than 12 months.

Liabilities

Derivative contracts that have a negative fair value are presented as liabilities at fair value through profit or loss.

The Scheme holds derivatives which are classified as fair value through profit or loss in accordance with AASB 9.

(ii) Impairment

AASB 9 requires the Scheme to record an allowance for expected credit loss ("ECL") for all financial assets not held at fair value through profit or loss.

The ECL approach is based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Scheme expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate.

For receivables, due from brokers, margin accounts and applications receivable, the Scheme has applied the standard's general approach and has calculated ECLs based on lifetime expected credit losses. The Scheme has established a provision matrix that is based on the Scheme's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Scheme considers a financial asset in default when contractual payment are 90 days past due. However, in certain cases, the Scheme may also consider a financial asset to be in default when internal or external information indicates that the Scheme is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Scheme.

2 Summary of material accounting policies (continued)

(b) Financial instruments (continued)

(iii) Recognition/derecognition

The Scheme recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in fair value of the financial assets or financial liabilities from this date.

Investments are derecognised when the right to receive cash flows from the investments have expired or have been transferred and the Scheme has transferred substantially all of the risks and rewards of ownership.

(iv) Measurement

Financial assets and liabilities at fair value through profit or loss

Financial assets and financial liabilities at fair value through profit or loss are measured initially at fair value excluding any transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately. Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the financial assets or financial liabilities at fair value through profit or loss category are presented in the statement of comprehensive income within 'net gains/(losses) on financial instruments at fair value through profit or loss' in the period in which they arise.

Fair value in an active market

The fair value of financial assets and financial liabilities traded in active markets is based on their quoted market prices at the end of the year without any deduction for estimated future selling costs. Financial assets (excluding bonds) are priced at current last prices, financial assets (bonds) are priced at current mid prices, financial liabilities are priced at current last prices.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The Scheme's financial instruments that are valued based on active markets generally include listed instruments, ranging from listed equity and/or debt securities to derivatives, where applicable.

(v) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when, and only when, there is currently a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

(vi) Hedge accounting

The Scheme uses foreign currency forward contracts (Hedging Instruments) to mitigate the foreign exchange risk on its share of its direct investments (Hedged items). The objective of the currency hedging is to reduce foreign currency risk.

Designation and documentation

At inception of the hedge relationship, the Scheme documents the hedge relationship between hedging instruments and the hedged items. The Scheme also documents its assessment, both at hedge inception and on an ongoing basis, the hedge risk and how the hedge relationship will meet the hedge effectiveness requirements. Any gains or losses on the foreign currency forward contract is recognised as net gains or losses on financial instruments at fair value through the profit or loss in the statement of comprehensive income, together with the gain or loss arising on the hedged item. Foreign currency forward contracts are designated and accounted for under fair value hedge accounting relationships.

2 Summary of material accounting policies (continued)

(b) Financial instruments (continued)

(vi) Hedge accounting (continued)

Hedge effectiveness method

All hedge relationships are required to be assessed for hedge effectiveness both at the inception and throughout the hedge relationship by demonstrating that:

- an economic relationship exists between the hedged item and the hedging instrument
- the hedge ratio is reflective of the Scheme's risk management approach

The hedge effectiveness is performed by a combination of qualitative and, where applicable, quantitative assessments. Changes in the hedge ratio, or rebalancing, may be required to adjust the hedged item or the hedging instrument.

(c) Net assets attributable to unitholders

Units are redeemable at the unitholders' option, however, applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unitholders. The units can be put back to the Scheme at any time for cash based on the redemption price, which is equal to a proportionate share of the Scheme's net asset value attributable to the unitholders. The units are carried at the redemption amount that is payable at balance sheet date if unitholders were to exercise their right to put the unit back to the Scheme. Because the Scheme's redemption unit price is based on different valuation principles to that applied in financial reporting, a valuation difference may exist, and would be treated as a separate component of net assets attributable to unitholders.

(d) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short term, highly liquid investments with original maturities of three months or less from the date of acquisition that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts, if any, are shown within borrowings in the statement of financial position.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as movements in the fair value of these securities represent the Scheme's main income generating activity.

(e) Investment income

Interest income from financial assets at amortised cost is recognised on a time-proportionate basis using the effective interest method and includes interest from cash and cash equivalents.

Dividend and distribution income from financial assets at fair value through profit or loss is recognised in the statement of comprehensive income within dividend income and trust distributions when the Scheme's right to receive payments is established.

Other changes in fair value for such instruments are recorded in accordance with the policies described in note 2(b) to the financial statements.

(f) Expenses

All expenses, including Responsible Entity fees, are recognised in the statement of comprehensive income on an accruals basis.

(g) Income tax

Under current legislation, the Scheme is not subject to income tax provided it attributes the entirety of its taxable income to its unitholders.

Financial instruments at fair value may include unrealised capital gains. Should such a gain be realised, that portion of the gain that is subject to capital gains tax will be distributed so that the Scheme is not subject to capital gains tax.

The benefit of imputation credits and foreign tax paid are passed on to unitholders.

The Scheme currently incurs withholding tax imposed by certain countries on investment income and capital gains. Such incomes and gains are recorded gross in the statement of comprehensive income, and withholding taxes shown as a separate item in the statement of comprehensive income.

2 Summary of material accounting policies (continued)

(h) Distributions

The Scheme may distribute its distributable income, in accordance with the Scheme's Constitution and/or Scheme's Product Disclosure Statement ("PDS"), to unitholders by cash or reinvestment. Such distributions are recognised as payable when they are determined by the Responsible Entity of the Scheme.

(i) Increase/(decrease) in net assets attributable to unitholders

Income not distributed is included in net assets attributable to unitholders. Movements in net assets attributable to unitholders are recognised in the statement of comprehensive income as finance costs.

(j) Foreign currency translation

(i) Functional and presentation currency

Items included in the Scheme's financial statements are measured using the currency of the primary economic environment in which it operates ("the functional currency"). This is the Australian dollar, which reflects the currency of the economy in which the Scheme competes for funds and is regulated. The Australian dollar is also the Scheme's presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

The Scheme does not isolate that portion of unrealised gains or losses on securities and derivative financial instruments that are measured at fair value through profit or loss and which is due to changes in foreign exchange rates from that which is due to changes in the market price of securities. Such fluctuations are included with the net gains or losses on financial instruments at fair value through profit or loss.

(k) Due from/to brokers

Amounts due from/to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet delivered by the end of the year. The due from brokers balance is held for collection and consequently measured at amortised cost.

These amounts are recognised initially at fair value and subsequently measured at amortised cost. At each reporting date, the Scheme shall measure the loss allowance on amounts due from broker at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Scheme shall measure the loss allowance at an amount equal to 12-month expected credit losses. Significant financial difficulties of the broker, probability that the broker will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the gross carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

(l) Receivables

Receivables may include amounts for dividends, interest, trust distributions, Reduced Input Tax Credits (RITC) and application monies receivable from unitholders. Dividends and trust distributions are accrued when the right to receive payment is established. Interest is accrued at the end of each year from the time of last payment in accordance with the policy set out in note 2(e) above. Amounts are generally received within 30 days of being recorded as receivables.

Trades are recorded on trade date, and normally settled within two business days. Sales of financial instruments that are unsettled at the end of the year are included in receivables.

These amounts are recognised initially at fair value and subsequently measured at amortised cost. At each reporting date, the Scheme shall measure the loss allowance on receivables at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Scheme shall measure the loss allowance at an amount equal to 12-month expected credit losses. Significant financial difficulties of the counterparty, probability that the counterparty will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the gross carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

2 Summary of material accounting policies (continued)

(l) Receivables (continued)

The amount of the impairment loss is recognised in profit or loss within other expenses. When a receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent year, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other expenses in profit or loss.

(m) Payables

Payables include liabilities and accrued expenses owing by the Scheme which are unpaid as at the end of the year.

Trades are recorded on trade date, and normally settled within two business days. Purchases of financial instruments that are unsettled at the end of the year are included in payables.

The distribution amount payable to unitholders as at the end of each reporting year is recognised separately in the statement of financial position.

Amounts are generally paid within 30 days of being recorded as payables.

(n) Applications and redemptions

Applications received for units in the Scheme are recorded net of any entry fees payable prior to the issue of units in the Scheme. Redemptions from the Scheme are recorded gross of any exit fees payable after the cancellation of units redeemed.

(o) Goods and services tax (GST)

Expenses of various services provided to the Scheme by third parties such as investment management fees etc. are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case, it is recognised as part of the related expense or cost item.

Accounts payable and receivable are stated inclusive of GST receivable and payable. The net amount of GST recoverable from or to, the taxation authority is included in receivables or payables in the statement of financial position.

Cash flows relating to GST are included in the statement of cash flows on a gross basis.

(p) Use of estimates

The Scheme makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial year. Estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

For certain other financial instruments, including amounts due from/to brokers, accounts payable and accounts receivable, the carrying amounts approximate fair value due to the immediate or short-term nature of these financial instruments.

For the years ended 30 June 2026 and 30 June 2025, the fair values of the majority of the Scheme's financial assets and financial liabilities were determined directly, in full or in part, by reference to quoted prices that were available from various sources, such as exchanges, dealers, brokers, industry groups and pricing services.

(q) Other legislative/government developments

Climate related and other emerging risk disclosure a number of new sustainability standards, have been issued but are not yet mandatory for the Scheme and have not been early adopted in preparing this financial report. Under these standards, the Scheme is considered to be in Group 3 under this legislation and would be required to apply the following:

AASB S1 - *General Requirements for Disclosure of Sustainability-related Financial Information* is a voluntary Standard covering sustainability-related financial disclosures and aligns with the scope of IFRS S1 (effective for annual periods beginning on or after 1 July 2027).

AASB S2 - *Climate-related Disclosures* is a mandatory Standard that incorporates the necessary content presented in IFRS S1 allowing it to function as a standalone, climate-only Standard (effective for annual periods beginning on or after 1 July 2027).

2 Summary of material accounting policies (continued)

(r) Segment information

Operating segments are reported in a manner consistent with internal reporting used by the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the directors of the Responsible Entity. The Scheme's investments are managed on a single portfolio basis in one operating segment, being investments in global securities, cash or cash like securities and derivatives, and performance is reviewed against the Scheme's investment objective.

(s) Rounding of amounts

The Scheme is an entity of the kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2026/183* issued by the Australian Securities and Investments Commission ("ASIC"), relating to the "rounding off" of amounts in the financial statements. Amounts in the financial statements have been rounded off in accordance with that ASIC Instrument to the nearest thousand dollars, unless otherwise indicated.

(t) Comparative information

Where appropriate, comparative disclosures have been reclassified/amended to be consistent with the current year's presentation.

3 Net gains/(losses) on financial instruments at fair value through profit or loss

Net gains/(losses) recognised in relation to financial instruments at fair value through profit or loss:

	For the year ended	
	30 June 2026 \$'000	30 June 2025 \$'000
Net gains/(losses) on financial instruments at fair value through profit or loss	48,111	45,787
Total net gains/(losses) on financial instruments at fair value through profit or loss	48,111	45,787

4 Auditor's remuneration

During the year the following fees were paid or payable for services provided by the auditor of the Scheme:

	For the year ended	
	30 June 2026 \$	30 June 2025 \$
<i>Audit and other assurance services</i>		
Audit and review of financial statements	40,103	24,969
Other assurance services	3,608	3,849
Total remuneration for audit and other assurance services	43,711	28,818
Total auditor's remuneration	43,711	28,818

Total remuneration is paid directly by the Responsible Entity.

5 Net assets attributable to unitholders

The Scheme's units are classified as a liability as they do not meet the definition of a financial instrument to be classified as equity.

Units of each Class are redeemed on demand at the unitholder's option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within twelve months after the end of the year cannot be reliably determined.

The financial statements of the Scheme incorporate the application of the hedge accounting described in note 2(b)(vi), and the share of the Net assets attributable to unitholders based on the rights of each Class of Unitholder as described above are as presented below:

	For the year ended			
	30 June 2026 No '000	30 June 2025 No '000	30 June 2026 \$'000	30 June 2025 \$'000
Unhedged Unit Class				
Opening balance	2,374	23,354	32,476	26,798
Applications	653	1,398	9,296	5,362
Redemptions	(534)	(2,383)	(7,578)	(4,741)
Units Consolidation*	-	(20,025)	-	-
Units issued upon reinvestment of distributions	11	30	152	56
Increase/(decrease) in net assets attributable to unitholders	-	-	2,606	5,001
Net assets attributable to the Unhedged Unit Class	2,504	2,374	36,952	32,476
Active ETF Class				
Opening balance	21,570	204,957	253,011	204,181
Applications	3,005	19,234	37,920	38,693
Redemptions	(3,799)	(13,560)	(47,776)	(28,876)
Units Consolidation*	-	(190,511)	-	-
Units issued upon reinvestment of distributions	171	1,450	2,087	2,394
Increase/(decrease) in net assets attributable to unitholders	-	-	35,156	36,619
Net assets attributable to the Active ETF Class	20,947	21,570	280,398	253,011
Net assets attributable to unitholders	23,451	23,944	317,350	285,487

*Effective 13 December 2024, units in the Scheme were consolidated at a ratio of 10:1

As stipulated within the Scheme's Constitution, each unit represents a right to an individual share in the Scheme and does not extend to a right to the underlying assets of the Scheme.

There are two classes of unitholders, Unhedged and Active ETF. The Scheme has entered into foreign currency contracts to substantially hedge the Active ETF Class unitholders' share of foreign currency exposure back to Australian dollars. This entitles the Active ETF Class unitholders to the benefits of any foreign currency hedging that the Scheme chooses to apply, specifically within the net assets attributable to the Active ETF Class unitholders and the distributable income attributable to the Active ETF Class. In contrast the Unhedged Class unitholders are exposed to foreign currency movements and as such the net assets and distributable income attributable to those classes of unitholders are unhedged.

The Scheme uses foreign currency forward contracts (Hedging Instruments) to mitigate the foreign exchange risk on its share of its direct equity investments which are quoted on a stock exchange in a foreign currency (Hedged items). The objective of the currency hedging is to reduce foreign currency risk.

5 Net assets attributable to unitholders (continued)

Designation and documentation

At inception of the hedge relationship, the Scheme documents the hedge relationship between hedging instruments and the hedged items. The Scheme also documents its assessment, both at hedge inception and on an ongoing basis, the hedge risk and how the hedge relationship will meet the hedge effectiveness requirements. Any gains or losses on the foreign currency forward contract is recognised as net gains or losses on financial instruments at fair value through the profit or loss in the statement of comprehensive income, together with the gain or loss arising on the hedged item. Foreign currency forward contracts are designated and accounted for under fair value hedge accounting relationships.

Hedge effectiveness method

All hedge relationships are required to be assessed for hedge effectiveness both at the inception and throughout the hedge relationship by demonstrating that:

- an economic relationship exists between the hedged item and the hedging instrument
- the hedge ratio is reflective of the Scheme's risk management approach

The hedge effectiveness is performed by a combination of qualitative and, where applicable, quantitative assessments.

Capital risk management

The Scheme considers its net assets attributable to unitholders as capital. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Scheme is subject to daily applications and redemptions at the discretion of unitholders.

The Scheme's strategy is to hold a certain portion of the net assets attributable to unitholders in liquid investments. As such, the Scheme will meet any capital requirements from the liquidation of liquid assets which include cash and cash equivalents, listed equities and listed unit trusts. Under the terms of the Scheme's Constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust a redemption of units if the exercise of such discretion is in the best interests of unitholders.

6 Distributions to unitholders

The distributions for the year were as follows:

	For the year ended			
	30 June 2026 \$'000	30 June 2026 CPU	30 June 2025 \$'000	30 June 2025 CPU
Distributions				
Unhedged Unit Class				
30 September distribution paid	171	7.0083	197	0.8532
31 December distribution paid	147	6.1065	83	3.6961
31 March distribution paid	144	6.0399	194	8.3867
30 June distribution payable	907	36.2115	1,655	69.7142
Total distributions	1,369	55.3662	2,129	82.6502
Distributions				
Active ETF Class				
30 September distribution paid	1,537	6.9687	1,769	0.8493
31 December distribution paid	1,271	6.0530	792	3.7171
31 March distribution paid	1,267	5.9702	1,826	8.4832
30 June distribution payable	8,847	42.2355	2,854	13.2293
Total distributions	12,922	61.2274	7,241	26.2789
Total distributions	14,291		9,370	

7 Cash and cash equivalents

	As at	
	30 June 2026 \$'000	30 June 2025 \$'000

RITC receivable	60	53
Total receivables	18,291	976

9 Financial assets at fair value through profit or loss

	As at	
	30 June 2026 \$'000	30 June 2025 \$'000
Financial assets at fair value through profit or loss		
Derivatives (note 12)	134	2,573
Listed equities	309,650	266,972
Listed unit trusts	19,440	16,369
Total financial assets at fair value through profit or loss	329,224	285,914

An overview of the risk exposures relating to financial assets at fair value through profit or loss is included in note 13.

10 Payables

	As at	
	30 June 2026 \$'000	30 June 2025 \$'000
Due to brokers	43,909	4
Accrued expenses	267	236
Redemption payable	259	328
Total payables	44,435	568

11 Financial liabilities at fair value through profit or loss

	As at	
	30 June	30 June
	2026	2025
	\$'000	\$'000
Financial liabilities at fair value through profit or loss		
Derivatives (note 12)	6,867	933
Total financial liabilities at fair value through profit or loss	6,867	933

An overview of the risk exposures relating to financial liabilities at fair value through profit or loss is included in note 13.

12 Derivative financial instruments

In the normal course of business the Scheme may enter into transactions in various derivative financial instruments with certain risks. A derivative is a financial instrument or other contract which is settled at a future date and whose value changes in response to the change in a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index or other variable.

Derivative financial instruments require no initial net investment or an initial net investment that is smaller than would be required for other types of contracts that would be expected to have a similar response to changes in market factors.

Derivative transactions include many different instruments, such as forwards, futures and options. Derivatives are considered to be part of the investment process and the use of derivatives is an essential part of the Scheme's portfolio management.

Derivatives are not managed in isolation. Consequently, the use of derivatives is multifaceted and includes:

- hedging to protect an asset or liability of the Scheme against a fluctuation in market values or to reduce volatility
- a substitution for trading of physical securities
- adjusting asset exposures within the parameters set in the investment strategy, and adjusting the duration of fixed interest portfolios or the weighted average maturity of cash portfolios.
- currency hedging for the benefit of the Active ETF Class

While derivatives are used to hedge against foreign currency exchange risks for the benefit of the Active ETF Class, they are not used to gear (leverage) a portfolio. Gearing a portfolio would occur if the level of exposure to the markets exceeds the underlying value of the Scheme.

The Scheme holds the following derivative instruments:

Forward foreign exchange contracts

Forward foreign exchange contracts are primarily for the benefit of the Active ETF Class to hedge against foreign currency exchange rate risks on its non-Australian dollar denominated trading securities. The Scheme agrees to receive or deliver a fixed quantity of foreign currency for an agreed upon price on an agreed future date. Forward foreign exchange contracts are valued at the prevailing bid price at the end of each year. The Scheme recognises a gain or loss equal to the change in fair value at the end of each year.

12 Derivative financial instruments (continued)

Forward foreign exchange contracts (continued)

30 June 2026

	Contract/ notional \$	Fair values	
		Assets \$'000	Liabilities \$'000
Forward foreign exchange contracts	301,257,186	134	6,867
	301,257,186	134	6,867

30 June 2025

	Contract/ notional \$	Fair values	
		Assets \$'000	Liabilities \$'000
Forward foreign exchange contracts	238,989,758	2,573	933
	238,989,758	2,573	933

An overview of the risk exposures relating to derivatives is included in note 13. The maximum exposure to credit risk at the end of the year is the carrying amount of each class of derivative financial instruments disclosed above.

13 Financial risk management

(a) Objectives, strategies, policies and processes

The Scheme's activities may expose it to a variety of financial risks: market risk (including price risk, foreign exchange risk and interest rate risk), credit risk and liquidity risk.

The Scheme's overall risk management program focuses on ensuring compliance with the Scheme's PDS and seeks to maximise the returns derived for the level of risk to which the Scheme is exposed. Financial risk management is carried out by Ausbil Investment Management Limited, as Investment Manager, under policies approved by the Board of Directors of the Responsible Entity ("the Board").

The Scheme uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis in the case of price and interest rate risks, and maturity analysis for liquidity risk.

(b) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: price risk, foreign exchange risk and interest rate risk. Market risk is managed and monitored using sensitivity analysis, and minimised through ensuring that all investment activities are undertaken in accordance with established mandates and investment strategies.

Market disruptions associated with current economic volatility and geopolitical events have had a global impact and uncertainty exists as to their implications. Such disruptions can adversely affect assets of the Scheme and thus performance of the Scheme. Management is continuing to monitor this development and evaluate its impact on the Scheme.

The market risk disclosures are prepared on the basis of the Scheme's direct investments and not on a look-through basis for investments held in the Scheme.

(i) Price risk

The Scheme is exposed to equity securities price risk. This arises from investments held by the Scheme for which prices in the future are uncertain. Where non-monetary financial instruments are denominated in currencies other than Australian dollar, the price will also fluctuate because of changes in foreign exchange rates. Paragraph (ii) below sets out how this component of price risk is managed and measured. The investments are classified on the statement of financial position as at fair value through profit or loss. All securities investments present a risk of loss of capital and the maximum risk resulting from financial assets is determined by the fair value of the financial instruments.

The Investment Manager aims to mitigate the price risk by careful selection of securities and other financial instruments, within specified limits and within the investment objectives, set by the Investment Committee in accordance with mandates and overall investment strategy. Between 80% and 100% of the net assets attributable to unitholders are invested in listed global infrastructure securities in developed markets, with up to 10% in emerging markets.

13 Financial risk management (continued)

(b) Market risk (continued)

As at 30 June 2026, if the equity prices had increased by 10% (2025: 10%) with all other variables held constant, this would have increased net assets attributable to unitholders (and net operating profit/(loss)) by **\$32,235,781** (2025: \$28,498,102). Conversely, if the equity prices had decreased by 10% (2025: 10%), this would have decreased net assets attributable to unitholders (and net operating profit/(loss)) by **\$32,235,781** (2025: \$28,498,102). The analysis is performed on the same basis for 2026 and 2025.

(ii) Foreign exchange risk

The foreign exchange risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Scheme may hold both monetary and non-monetary assets denominated in currencies other than the Australian dollar. Foreign exchange risk arises as the value of monetary securities denominated in other currencies will fluctuate due to changes in exchange rates. The foreign exchange risk relating to non-monetary assets and liabilities is a component of price risk not foreign exchange risk. However, management monitors the exposure on all foreign currency denominated financial assets and financial liabilities.

The Scheme's policy is to hedge direct foreign currency exposure on amounts payable to, or receivable from brokers in non-Australian dollar denominated currency. The Scheme does not hedge its exposure to non-monetary financial assets.

The Scheme uses foreign currency forward contracts to mitigate the risk from movements in foreign exchange rates for the benefit of the Active ETF Class, by hedging the Class's share of exposure to assets and liabilities denominated in currencies other than the Australian dollar as disclosed in note 5.

The table below summarises the Scheme's financial assets and financial liabilities, which are denominated in a currency including the Australian dollar.

30 June 2026	Australian dollars A\$'000	US Dollars A\$'000	Euro A\$'000	Canadian Dollar A\$'000	Other currencies A\$'000	Total A\$'000
Cash and cash equivalents	30,642	205	(12)	56	-	30,891
Financial assets at fair value through profit or loss	-	206,596	79,720	26,087	16,821	329,224
Financial liabilities at fair value through profit or loss	-	(5,749)	(608)	(114)	(396)	(6,867)
	<u>30,642</u>	<u>201,052</u>	<u>79,100</u>	<u>26,029</u>	<u>16,425</u>	<u>353,248</u>
 30 June 2025	 Australian dollars A\$'000	 US Dollars A\$'000	 Euro A\$'000	 Canadian Dollar A\$'000	 Other currencies A\$'000	 Total A\$'000
Cash and cash equivalents	5,738	239	(1,370)	-	-	4,607
Financial assets at fair value through profit or loss	8,511	166,641	69,372	24,929	16,461	285,914
Financial liabilities at fair value through profit or loss	-	-	(767)	(37)	(129)	(933)
	<u>14,249</u>	<u>166,880</u>	<u>67,235</u>	<u>24,892</u>	<u>16,332</u>	<u>289,588</u>

13 Financial risk management (continued)

(b) Market risk (continued)

(ii) Foreign exchange risk (continued)

All fair value gains or losses on derivatives held in qualifying fair value hedges and any hedging gain or loss on the hedged items are included in Net gains/(losses) on financial instruments at fair value through profit or loss. The line item in the balance sheet where the hedging instrument and hedge item are included in Financial assets at fair value through profit or loss.

As at 30 June 2026 and 30 June 2025, had the Australian dollar weakened/strengthened as illustrated below against the various currencies to which the Scheme is exposed, with all other variables held constant, the net assets attributable to unitholders (and profit) would have changed by the following amounts, approximately and respectively:

	AUD Weakened Increase/(decrease) in net assets attributable to unitholders		AUD Strengthened	
	30 June 2026	30 June 2025	30 June 2026	30 June 2025
	\$'000	\$'000	\$'000	\$'000
AUD/USD 2026: 5% (2025: 5%)	10,053	8,344	(10,053)	(8,344)
AUD/EUR 2026: 5% (2025: 5%)	3,955	3,362	(3,955)	(3,362)
AUD/CAD 2026: 5% (2025: 5%)	1,301	1,245	(1,301)	(1,245)
AUD/GBP 2026: 5% (2025: 5%)	821	815	(821)	(815)

The possible impact against other currencies is considered immaterial individually and therefore has not been included in the above table.

(iii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

For the years ended 30 June 2026 and 30 June 2025, the Scheme did not hold fixed interest securities and therefore the Scheme's financial position was not exposed to interest rate movements. The impact of interest rate movements on cash deposits is not considered material.

(c) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The Scheme's exposure to credit risk arises from cash deposited with Citigroup Pty Ltd, which has a Standard & Poor's investment rating of A (S&P), and from amounts due from brokers. The credit risk arising from amounts due from brokers is mitigated by the contractual settlement arrangement with the Scheme's custodian, Citigroup Pty Ltd.

The Scheme holds no collateral as security or any other credit enhancements. There are no financial assets that are past due or impaired, or would otherwise be past due or impaired.

The ECL model under AASB 9 applies to the financial assets classified at amortised cost and measured at FVOCI, contract asset, lease receivable, loan commitments and certain financial guarantee contracts. Financial assets are assessed for indicators of expected credit losses at each balance sheet date. The Scheme has concluded that there are no impairment indicators subject to the impairment requirements of AASB 9 and thus the impact on credit risk is immaterial.

(d) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. This risk is controlled through the Scheme's investment in financial instruments, which under normal market conditions are readily convertible to cash. In addition, the Scheme maintains sufficient cash and cash equivalents to meet normal operating requirements.

The Scheme is exposed to liquidity risk arising from its obligation to meet valid redemption requests. The Responsible Entity manages this risk by monitoring expected redemptions and cash flows, assessing how readily the Scheme's investments can be sold and seeking to maintain sufficient cash and readily realisable investments to meet payments when due.

13 Financial risk management (continued)

(d) Liquidity risk (continued)

While the Scheme is liquid, valid redemption requests are processed and paid in accordance with the Constitution. In certain circumstances, the Constitution allows the Responsible Entity to delay or suspend redemptions or their payment. Where applicable, the Responsible Entity may also limit the amount redeemed, carry forward the balance or extend the payment period. If the Scheme becomes non-liquid, withdrawals can only be made in accordance with the Constitution and the *Corporations Act 2001*.

(i) Maturity analysis for financial liabilities

The table below analyses the Scheme's financial liabilities into relevant maturity groupings based on the remaining period at the statement of financial position date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

	Less than 1 month 2026 \$'000	1-3 months 2026 \$'000	3-12 months 2026 \$'000	More than 12 months 2026 \$'000
As at 30 June 2026				
Distributions payable	9,754	-	-	-
Due to brokers	43,909	-	-	-
Accrued expenses	267	-	-	-
Redemptions payables	259	-	-	-
Financial liabilities at fair value through profit or loss	2,095	4,772	-	-
Total liabilities	56,284	4,772	-	-

	Less than 1 month 2025 \$'000	1-3 months 2025 \$'000	3-12 months 2025 \$'000	More than 12 months 2025 \$'000
As at 30 June 2025				
Distributions payable	4,509	-	-	-
Due to brokers	4	-	-	-
Accrued expenses	236	-	-	-
Redemptions payables	328	-	-	-
Financial liabilities at fair value through profit or loss	76	857	-	-
Total liabilities	5,153	857	-	-

(ii) Maturity of derivative financial liabilities

The table below analyses the Scheme's financial liabilities into relevant maturity groupings based on the remaining period at the statement of financial position date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

	Less than 1 month 2026 \$'000	1-3 months 2026 \$'000	3-12 months 2026 \$'000	More than 12 months 2026 \$'000
As at 30 June 2026				
Forward foreign exchange contracts	(2,095)	(4,772)	-	-
Total financial liabilities	(2,095)	(4,772)	-	-

	Less than 1 month 2025 \$'000	1-3 months 2025 \$'000	3-12 months 2025 \$'000	More than 12 months 2025 \$'000
As at 30 June 2025				
Forward foreign exchange contracts	(76)	(857)	-	-
Total financial liabilities	(76)	(857)	-	-

13 Financial risk management (continued)

(e) Estimation of fair values of financial assets and liabilities

The carrying amounts of all the Scheme's financial assets and financial liabilities at the end of the year approximated their fair values as all financial assets and financial liabilities not fair valued are short-term in nature.

The fair values of the Scheme's financial assets and financial liabilities for the years then ended were determined directly, in full or in part, by reference to quoted prices that were available from various sources, such as exchanges, dealers, brokers, industry groups and pricing services.

Market disruptions associated with current geopolitical events have had a global impact, and uncertainty exists as to their implications. Such disruptions can adversely affect assets of the Scheme and thus performance of the Scheme. Management is continuing to monitor this development and evaluate its impact on the Scheme.

(f) Fair value hierarchy

The Scheme is required to classify fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices); quoted prices for similar securities in active and/or inactive markets; market-corroborated inputs; inputs that are developed based on available market data and reflect assumptions that markets would use when pricing similar securities (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgement by the Scheme. The Scheme considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The table below sets out the Scheme's financial assets and liabilities measured at fair value according to the fair value hierarchy at the end of the year.

30 June 2026	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets				
Financial assets at fair value through profit or loss:				
Forward foreign exchange contracts	-	134	-	134
Listed equities	309,650	-	-	309,650
Listed unit trusts	19,440	-	-	19,440
Total	329,090	134	-	329,224
Financial liabilities				
Financial liabilities at fair value through profit or loss:				
Forward foreign exchange contracts	-	6,867	-	6,867
Total	-	6,867	-	6,867

13 Financial risk management (continued)

(f) Fair value hierarchy (continued)

30 June 2025	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets				
Financial assets at fair value through profit or loss:				
Forward foreign exchange contracts	-	2,573	-	2,573
Listed equities	266,972	-	-	266,972
Listed unit trusts	16,369	-	-	16,369
Total	<u>283,341</u>	<u>2,573</u>	<u>-</u>	<u>285,914</u>
Financial liabilities				
Financial liabilities at fair value through profit or loss:				
Forward foreign exchange contracts	-	933	-	933
Total	<u>-</u>	<u>933</u>	<u>-</u>	<u>933</u>

Investments, the values of which are based on quoted market prices in active markets, e.g. recognised stock exchanges, and therefore classified within level 1, include listed equities and listed unit trusts.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. The observable inputs include prices and/or those derived from prices. The level 2 instruments include investment grade corporate bonds, and over the counter derivatives.

Where a valuation model technique is used, the Scheme considers other liquidity, credit and market risk factors, and adjusts the model as deemed necessary. There have been no changes to the valuation techniques used for financial instruments classified as level 2.

As at 30 June 2026 and 30 June 2025, there were no financial assets classified as level 3.

There were no transfers between levels as at 30 June 2026 and 30 June 2025.

(g) Hedge accounting

Each unit in the Scheme is exposed to fair value movements due to movement in foreign currency exchange rate. The Scheme uses foreign currency forward contracts for currency hedging to negate the impact of foreign currency fluctuations by ensuring foreign currency exposure is within +/-5% of the Active ETF Class's value.

Determining hedge effectiveness

The Scheme assesses hedging effectiveness by matching the notional value of the foreign currency forward contracts to the market value of the foreign exchange exposures held for the benefit of the Active ETF Class on a currency by currency basis. The Responsible Entity monitors the hedge ratio on a daily basis. To ensure that the "by currency" hedge ratio is within the range set out in the class's investment strategy, the amount of hedging is periodically rebalanced.

13 Financial risk management (continued)

(g) Hedge accounting (continued)

Designation of hedge accounting

Foreign currency forwards are used to hedge the Active ETF Class's foreign currency exposures.

The following table contains details of the hedging instruments and associated hedged items for fair value hedges:

	Hedging instruments			Hedged items		Hedge
	Nominal amounts \$'000	Carrying amounts* \$'000	Fair value gains/(losses) \$'000	Carrying amounts** \$'000	Fair value gains/(losses) \$'000	ineffectiveness gains/(losses)*** \$'000
As at 30 June 2026	301,257	(6,732)	16,710	291,868	(13,195)	3,516
	Nominal amounts \$'000	Carrying amounts* \$'000	Fair value gains/(losses) \$'000	Carrying amounts** \$'000	Fair value gains/(losses) \$'000	Hedge ineffectiveness gains/(losses)*** \$'000
As at 30 June 2025	238,990	(1,640)	(11,852)	230,384	27,524	15,673

* Carrying amount of hedging instruments are included in financial assets and financial liabilities at fair value through the profit or loss in the statement of financial position.

** Carrying amount of hedged instruments are included in financial assets and financial liabilities at fair value through the profit or loss in the statement of financial position.

*** Hedge ineffectiveness is the extent to which the changes in the fair value of the hedging instruments differ to that of the hedged item which primarily arises from timing differences, and is recognised as part of net gains or losses on financial instruments at fair value through profit or loss in the statement of comprehensive income.

14 Offsetting financial assets and financial liabilities

The disclosures set out in the tables below include financial assets and liabilities that are subject to enforceable master netting agreements (or similar).

	Gross amounts \$'000	Gross amounts of recognised financial liabilities set off in the statement of financial position \$'000	Net amounts of financial assets presented in the statement of financial position \$'000	Cash collateral \$'000	Marketable security collateral \$'000	Net amount \$'000
As at 30 June 2026						
Financial assets						
Forward foreign currency contracts	134	-	134	-	-	134
Total	134	-	134	-	-	134
Financial liabilities						
Forward foreign currency contracts	(6,867)	-	(6,867)	-	-	(6,867)
Total	(6,867)	-	(6,867)	-	-	(6,867)

	Gross amounts \$'000	Gross amounts of recognised financial liabilities set off in the statement of financial position \$'000	Net amounts of financial assets presented in the statement of financial position \$'000	Cash collateral \$'000	Marketable security collateral \$'000	Net amount \$'000
As at 30 June 2025						
Financial assets						
Forward foreign currency contracts	2,573	-	2,573	-	-	2,573
Total	2,573	-	2,573	-	-	2,573
Financial liabilities						
Forward foreign currency contracts	(933)	-	(933)	-	-	(933)
Total	(933)	-	(933)	-	-	(933)

The agreements, where relevant, could include derivative clearing agreements, global master repurchase agreements and others. Similar financial instruments could include derivatives, sale and repurchase agreements, reverse sale and repurchase agreements, securities lending agreements, short sales etc.

The International Swaps and Derivatives Association ("ISDA"), master netting agreements or similar agreements do not generally meet the criteria for offsetting. This is because they create a right of set-off of recognised amounts that is enforceable only following an event of default, insolvency or bankruptcy of the entity or the counterparties.

From time to time, the Scheme may receive or pledge collateral which could be in the form of cash or marketable securities or both in respect of the above instruments. Such collateral, if transacted, is generally subject to the standard industry in terms of ISDA's Credit Support Annex. This means that collateral received/pledged can be re-pledged or sold during the term of the transaction but have to be returned on maturity of the transaction. The terms also generally give each counterparty the right to terminate the related transactions on the counterparty's failure to post collateral.

15 Related party transactions

(a) Responsible Entity

The Responsible Entity of Ausbil Global Essential Infrastructure Fund is Ausbil Investment Management Limited.

(b) Directors

Key management personnel includes persons who were directors of the Responsible Entity at any time during the financial year.

(c) Other key management personnel

There were no other persons with responsibility for planning, directing and controlling the activities of the Scheme, directly or indirectly during the year.

(d) Related party Schemes' unitholdings

Parties related to the Scheme (including the Responsible Entity, its related parties and other schemes managed by the Responsible Entity), held units in the Scheme as follows:

2026 Unitholder	No. of units held opening Units	No. of units acquired Units	No. of units disposed Units	No. of units held closing Units	Fair value of investment \$	Interest held %	Distributions paid/payable by the Scheme \$
Ausbil Balanced Fund	484,411	-	-	484,411	6,484,294	2.07	296,591

2025 Unitholder	No. of units held opening Units	No. of units acquired Units	No. of units disposed Units	No. of units held closing Units	Fair value of investment \$	Interest held %	Distributions paid/payable by the Scheme \$
Ausbil Balanced Fund	4,844,110	484,411	4,844,110*	484,411	5,682,120	1.99	164,326

*Effective 13 December 2024, 4,844,110 units in the Scheme were consolidated at a ratio of 10:1. There were no further disposals of units in the Scheme.

(e) Other transactions within the Scheme

From time to time directors of the Responsible Entity of the Scheme, or their director-related entities, may invest in or withdraw from the Scheme. These investments or withdrawals are on the same terms and conditions as those entered into by other Scheme investors.

Apart from those details disclosed in this note, no key management personnel of the Responsible Entity have entered into a material contract with the Scheme since the end of the previous financial year and there were no material contracts involving director's interests at the end of the year.

The following transactions occurred with key management personnel during the year:

	30 June 2026 \$	30 June 2025 \$
Application for units	12,426	13,609

The Scheme has not made, guaranteed or secured, directly or indirectly, any loans to the key management personnel or their personally related entities at any time during the year.

15 Related party transactions (continued)

(f) Responsible entity's/manager's fees and other transactions

Under the terms of the Scheme's Constitution, the Responsible Entity is entitled to receive management fees of 1.00% for the Unhedged and Active ETF Class unit classes, calculated by reference to the daily gross asset value of the Class, either in form of an issue of units or in cash, at the Responsible Entity's discretion.

The Responsible Entity does not charge any contribution fees to the Scheme.

The transactions during the year and amounts payable at year end between the Scheme and the Responsible Entity were as follows:

	30 June 2026 \$	30 June 2025 \$
Management fees for the year paid/payable by the Scheme to the Responsible Entity	3,079,113	2,705,334
Aggregate amounts payable to the Responsible Entity at the end of the year	267,082	236,439

(g) Investments

The Scheme did not hold any investments in the Responsible Entity or its related parties during the year (2025: Nil).

16 Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

	For the year ended	
	30 June 2026 \$'000	30 June 2025 \$'000
(a) Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities		
Profit/(loss) for the year	52,053	50,990
Proceeds from sale of financial instruments at fair value through profit or loss	210,067	299,580
Purchase of financial instruments at fair value through profit or loss	(173,161)	(308,035)
Net (gains)/losses on financial instruments at fair value through profit or loss	(48,111)	(45,787)
Net (gains)/losses on foreign exchange	260	(341)
Net change in receivables and other assets	96	340
Net change in payables and other liabilities	31	53
Net cash inflow/(outflow) from operating activities	41,235	(3,200)

(b) Components of cash and cash equivalents

Cash as at the end of the year as shown in the statement of cash flows is reconciled to the statement of financial position as follows:

Cash and cash equivalents	30,891	4,607
---------------------------	---------------	-------

(c) Non-cash operating and financing activities

During the year, the following distribution payments were satisfied by the issue of units under the distribution reinvestment plan

2,239	2,450
--------------	-------

17 Events occurring after the year end

There are no items, transactions or events of a material and unusual nature have arisen between the end of the financial period and the date of this report, which are likely, in the opinion of the directors, to affect significantly the operations of the Scheme, the results of those operations, or the state of affairs of the Scheme in future financial years.

18 Contingent assets and liabilities and commitments

There are no contingent assets and liabilities or commitments as at 30 June 2026 and 30 June 2025.

Directors' declaration

In the opinion of the directors of the Responsible Entity:

- (a) the financial statements and notes set out on pages 5 to 31 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
 - (ii) giving a true and fair view of the Scheme's financial position as at 30 June 2026 and of its performance, as represented by the results of its operations and cash flows, for the year ended on that date.
- (b) there are reasonable grounds to believe that the Scheme will be able to pay its debts as and when they become due and payable.
- (c) the financial statements are in accordance with the Scheme's Constitution.
- (d) Note 2(a) confirms that the financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the directors.

Independent auditor's report

To the unitholders of Ausbil Global Essential Infrastructure Fund

Our opinion

In our opinion, the accompanying financial report of Ausbil Global Essential Infrastructure Fund (the "Registered Scheme" or "Scheme") is in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the Registered Scheme's financial position as at 30 June 2026 and of its financial performance for the year then ended; and
- b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

What we have audited

The financial report comprises:

- the statement of financial position as at 30 June 2026;
- the statement of comprehensive income for the year then ended;
- the statement of changes in equity for the year then ended;
- the statement of cash flows for the year then ended;
- the notes to the financial statements, including material accounting policy information and other explanatory information; and
- the directors' declaration.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

PricewaterhouseCoopers, ABN 52 780 433 757

GPO BOX 2650 Sydney NSW 2001
T: +61 2 8266 0000, F: +61 2 8266 9999, www.pwc.com.au

Independence

We are independent of the Registered Scheme in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to audits of the financial report of public interest entities in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Our audit approach

An audit is designed to provide reasonable assurance about whether the financial report is free from material misstatement. Misstatements may arise due to fraud or error. They are considered material if individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

We tailored the scope of our audit to ensure that we performed enough work to be able to give an opinion on the financial report as a whole, taking into account the geographic and management structure of the Registered Scheme, its accounting processes and controls and the industry in which it operates.

Audit Scope

Our audit focused on where the Registered Scheme made subjective judgements; for example, significant accounting estimates involving assumptions and inherently uncertain future events.

Our audit approach reflects the nature of the investments held by the Scheme and the consideration of the work undertaken by third-party service organisations. The key third-party service organisation relevant to our audit is the administrator and custodian, who maintains the accounting records of the Scheme and provides custody services for the investments.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report for the current period. The key audit matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Further, any commentary on the outcomes of a particular audit procedure is made in that context. We communicated the key audit matter to the directors of the Responsible Entity (the "directors").

Key audit matter	How our audit addressed the key audit matter
Financial significance of level 1 and level 2 financial assets and level 2 financial liabilities at fair value through profit or loss Refer to Note 2 (Summary of material accounting policies), Note 9 (Financial assets at fair value through profit or loss), Note 11 (Financial liabilities at fair value through profit or loss) and Note 13(f) (Fair value hierarchy). As at 30 June 2026, financial assets and financial liabilities at fair value through profit or loss primarily comprised investments in forward foreign exchange contracts, listed equities and listed unit trusts (“investments”). As described in Note 2 of the financial report, these investments are measured at fair value through profit or loss in accordance with Australian Accounting Standards. Whilst there is no significant judgement in determining the existence or valuation of the Scheme’s financial assets and liabilities at fair value through profit or loss, we determined this to be a key audit matter because they represent a significant proportion of the total net assets attributable to unitholders of the Scheme and fluctuations in the balance impact the net gains/(losses) on financial instruments at fair value through profit or loss recognised in the Scheme’s statement of comprehensive income.	We performed the following procedures, amongst others: • Obtained and evaluated the most recent controls reports issued by the Scheme’s administrator and custodian, setting out the controls in place at the service organisation, which included an assurance report over the design and implementation, and operating effectiveness of those controls. • Obtained independent confirmations of the Scheme’s investment holdings from the custodian and appropriate third parties for non-custody investment positions held by the Scheme and compared the confirmed balances to the Scheme’s underlying accounting records for a sample of investments as at 30 June 2026. • Evaluated the Scheme’s investment valuation policy and for a selection of investments held by the Scheme, with the assistance of PwC valuation experts, independently obtained market price data from third-party price vendors and compared it to the prices used by the Scheme’s administrator to measure the fair value of investments as at 30 June 2026. • For a selection of foreign exchange forwards contracts held by the Scheme which are measured at fair value using valuation techniques and observable market data inputs, with the assistance of PwC valuation experts, assessed the appropriateness of the valuation methodology and inputs used by the Scheme’s administrator and independently recalculated the valuation as at year end date. • Assessed the reasonableness of the disclosures in the financial report against the requirements of Australian Accounting Standards.

Other information

The directors of the Responsible Entity of the Registered Scheme are responsible for the other information. The other information comprises the information included in the annual report for the year ended 30 June 2026, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon through our opinion on the financial report.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors of the Responsible Entity of the Registered Scheme for the financial report

The directors of the Responsible Entity of the Registered Scheme are responsible for the preparation of the financial report in accordance with Australian Accounting Standards and the *Corporations Act 2001*, including giving a true and fair view, and for such internal control as they determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors of the Responsible Entity are responsible for assessing the ability of the Registered Scheme to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Responsible Entity either intend to liquidate the Registered Scheme or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at:

https://www.auasb.gov.au/admin/file/content102/c3/ar2_2020.pdf. This description forms part of our auditor's report.
